- Adaptability
- Remote and Team Work
- Communication

CERTIFICATES

ZOOM MARATHON CHALLENGE

conceptual video 3-5 minutes for 26 days without fail

Mercor's chatbot challenge 2023

INTERESTS

Gaming | Teaching

PROFESSIONAL SUMMARY

Over 3 years of professional experience developing with the MERN stack and AWS, knowledgeable in all aspects of the production process for EdTech applications and payment gateway integrations. Proficient in integrating OpenAI technologies. Proactive in solving complex problems with exceptional collaboration skills.

WORK EXPERIENCE

Senior Full Stack Developer, Prameya Consulting

Mar 2025 – present | Remote, India

Developing the Urban Tech Nayichaal Project from scratch with detailed real-time analysis with multiple charts and map analytics.

Senior Full Stack Developer, Xdojo

Sep 2023 – Dec 2024 | Remote

From scratch, built a scalable backend and designed 10-20 screens with ReactJS, which included dynamic SVG graphics with updated XP and dynamic gaming actions for every action the user takes after making quests. We used hooks, context APIs, and caching data for each request to reduce API calls. Incorporating openAI, LeonardoAI, and Dalle, and creating a dynamic live screen for the coding of user prompts in concert with such technologies.

PROJECTS

Full stack IT Walle, record-book for IT people

Jun 2023 – present

This is an individual Project (live)

Description

- Information for IT people is recorded in this app

Features

- CRUD the information in a beautiful UI
- Responsive to all screen
- RBAC is there along with the payment gateway
- Forget password (using OAuth2)

Role

- Made the backend and frontend
- Secure authentication with OAuth
- Integrate the front end with Context-API

Tech-Stack I used

Nodejs | Expressjs | MongoDB | React | Context
API | Tailwind CSS | JWT | CSS | GIT | render
